

Alder Fly - Low Profile

By Don Beeckman

Hook: **Size 12 dry fly**

Thread: **Black**

Body: **Peacock herl**

Hackle: **Undersized hackle to enable the fly to float low in the water.**

For a size 12 hook use a size18 hackle.

WING: **Brown turkey wings tied in tip first**

TAIL: **Black hackle**

NOTE: This fly can be hard to see on the water, you may want to fish it using it as a dropper on a more visible pattern.
